North Carolina CAP Client Assistance Program

“A Bridge Over Barriers”

Client Assistance Program... CAP

What Is CAP?

The N.C. Client Assistance Program (CAP) is a federally funded program designed to assist people with disabilities in understanding and using rehabilitation services.

CAP serves as a vital link between North Carolinians with disabilities and the programs, projects and facilities funded under the Rehabilitation Act to help achieve maximum and timely access to rehabilitation services.

CAP Can...

- ◆ Explain rehabilitation services and benefits available to you under the Rehabilitation Act;
- ◆ Advise you of your rights and responsibilities to help maximize your success in the rehabilitation process;
- ◆ Help you resolve problems or disagreements with rehabilitation service providers so you can obtain the services you need;
- ◆ Help you appeal a decision if you have been denied services or are dissatisfied with the type of services offered;
- ◆ Help you identify other resources that may be of assistance to you.

Who Does CAP Serve?

Anyone seeking information, applying for services or receiving services from any of these federally funded rehabilitation programs:

- ◆ Division of Vocational Rehabilitation Services
- ◆ Division of Services for the Blind
- ◆ The Independent Living Rehabilitation Programs within the divisions
- ◆ Centers for Independent Living
